At Hawthorn we are committed to ensuring the health and safety of our employees, and will ensure, so far as reasonably practicable, the health, safety and welfare of its employees whilst they are at work, as well as customers and any others who visit Hawthorn premises.

During lockdown, our pubs are working hard to ensure they have the appropriate tools to ensure a safe environment for their teams and customers. All leased and tenanted businesses have been provided with guidance and tools to assess the risks at their premises and identify the appropriate social distancing and safety measures to put into place.

These measures will continue to be reviewed and we will amend our practices in line with government recommendations as and when they happen.

Though the experience will have changed, we look forward to serving our communities, once again.
